FOXBAT-LE

NIGHT VISION BI-OCULAR

The AGM FoxBat-LE night vision bi-ocular is the perfect tool for mid-range and long-range observation. The FoxBat-LE is compatible with a range of professional high-quality objective lenses to match all users' requirements currently available in three configurations - 6x, 7x, and 10x magnification.

The FoxBat-LE is a professional night vision device favored by law enforcement and military units due to its unmatched performance, even in extreme temperatures and challenging weather conditions such as rain or excessive humidity. The device can be outfitted with either a Gen 2+ or Gen 3 high-performance image intensifier tube (IIT), which can be repaired or upgraded easily. The bright light shut-off feature ensures that the high-quality photocathode tube is protected. The FoxBat-LE is also equipped with Automatic Brightness Control (ABC), which adjusts the image brightness automatically, providing the highest possible image quality even in changing light conditions. FoxBat-LE is supplied with two AA batteries and its operating time is up to 40 hours of continuous use.

- 6x, 7x, or 10x magnification
- Lightweight rugged design
- Waterproof
- Auto brightness control
- Ergonomic and easy to operate controls
- Limited 3-year warranty
